Dear Parents/Caregivers,

### **Technology term 2 – Hard Technology and Soft Technology**

The technology rotation commences Week 2 until Week 9, term 2, every Tuesday and Wednesday from 11.30-12.45. Year 7 students will start with Hard Technology for four weeks – making a wooden picture frame, whilst Year 8 students will be making a Memory Bear in Soft Technology. On completion of the four weeks the students will swap technologies.

The cost for technology this term is \$20.00 and should be paid to the office.

We would be grateful for any support you could give us and if there are any parents, grandparents or relatives who would like to help in either area, could you email or speak to us at school.

Soft Technology needs:

- A named box with lid to hold all needles, cotton, fabric for each student.
- A pack of assorted needles and pins
- Fabric – preferably from used clothes that have memories – no denim please.
- Embellishment of choice – ribbon or buttons for eyes etc.

Hard Technology needs:

- A named box with lid to hold all student's items.
- Sandpaper (small amount) – coarse and fine.

Please don't hesitate to get in touch with any queries.

Kind regards
