Notes

Rotation devised to fit all eight curriculum areas (English, Maths, PE, Science, Social Studies, The Arts, Technology and Languages) into the timetable and provide coverage. Also designed to allow intermediate students to practice transitioning skills much like college.

Example of how the timetable works:

- Monday - Day 1
- Tuesday - Day 2
- Wednesday - Day 3
- Thursday - back to Day 1, and so on...

Friday is a flexible day; a chance to catch up if things are missed (Technology, Science in particular). Leadership to be taken on a Friday if possible.
